

Service Catalogue

Northwind Home Services • Internal reference • v2024.1

About this document

This is the master list of services Northwind offers, with current pricing tiers and any constraints the dispatch and sales teams need to know. Prices in *italics* are 'from' estimates — actual quotes depend on site assessment. Prices in **bold** are fixed and can be quoted directly to customers.

Plumbing

Service	Price	Notes
Tap washer replacement	\$120 fixed	Single tap. Multiple taps quoted on site.
Hot water system repair	from \$180/hr	Diagnostic + parts. We service gas, electric, and heat-pump systems.
Hot water system replacement	from \$1,800	Includes removal of old unit. Site assessment required.
Burst pipe repair	from \$220/hr	Always treated as P1 if water is actively flowing.
Blocked drain clearing	\$280 fixed	Standard drain. Sewer mains quoted separately.
Toilet repair / replacement	from \$150	Replacement units start at \$450.
Bathroom renovation plumbing	from \$4,500	Site visit + written quote always required.

Electrical

Service	Price	Notes
Power point installation	\$190 fixed	Per outlet, standard locations. Surcharge for upper floors.
Light fitting installation	\$150 fixed	Customer supplies fitting. We supply standard wiring.
Switchboard upgrade	from \$2,200	Site assessment required. Council approval may apply.
Safety switch installation	\$320 fixed	Per circuit.
Electrical fault diagnosis	from \$180/hr	Sparking, tripping, smell of burning all P1.
EV charger installation	from \$1,400	Single-phase. Three-phase quoted on site. Min. service age 12 months.
Solar panel installation	Not offered	We refer these to our partner SunPath Energy.

Heating, ventilation & air conditioning (HVAC)

Service	Price	Notes
Split-system service / clean	\$220 fixed	Per unit. Annual maintenance recommended.

Split-system installation	from \$1,600	Includes standard install up to 5m pipe run.
Ducted system service	from \$380	Filter replacement included. Major repairs quoted separately.
Ducted system installation	from \$9,500	Always requires site assessment. Lead time 2-4 weeks.
Gas heater service	\$280 fixed	Includes safety / carbon monoxide check.
Evaporative cooler service	\$240 fixed	Pre-summer service recommended.

Things we do not do

These come up regularly. We don't offer them — refer or decline politely:

- Roofing, gutter cleaning, or anything requiring full roof access.
- Solar panel installation or repair (refer: SunPath Energy).
- Pool plumbing or pool equipment (refer: AquaCorp Pools).
- Appliance repair (washing machines, dishwashers, ovens) — we install but do not repair.
- Anything in commercial premises larger than 200m². We are residential-only.
- Locksmithing, glazing, pest control.

Service area

We service residential addresses within 40km of the Sydney CBD. Anything outside this radius should be flagged for human review — Sales will assess case-by-case. Customers in our service area but on a strata property should be told that body corporate approval is their responsibility, not ours.

Payment & billing notes

- Standard terms: payment due within 14 days of invoice.
- Jobs over \$2,000 require 30% deposit before work commences.
- We accept card, bank transfer, and PayID. We no longer accept cheques (since Jan 2024).
- Refunds for completed work are handled on a case-by-case basis through Customer Care.
